OUR COMMITMENT

Why Us

Ethical Yacht Wear is revolutionising the yachting industry with Premium Quality, Ethical, Sustainably Made, Fair Trade crew uniform that GIVES BACK to the worlds oceans.

Responsibility, Sustainability and Transparency are at the core of our business model and that is why we spend time carefully innovating uniform that has the least amount of environmental impact possible, with maximum benefit to the crew we supply and the planet we work upon.

We don't stop there, we believe business should be used a force of good and we therefore employee a Give Back business model. We commit a percentage of profits from every sale to combating ocean pollution and aiding in plastic clean up. We help pay people in poorer coastal communities to pick up plastic (as jobs) which helps to reduce global poverty and prevents plastic from entering into the worlds oceans.

By providing you with high quality sustainably made apparel we are removing as much plastic as possible, giving back as much as possible and improving the yachting industries environmental impact.

For more information regarding our commitment to sustainability please see our sustainability report [here](#).

We are extremely proud to be leading the industry with a brand and a movement that takes pride in the clothing we supply, the planet we sail around and the oceans we love!

**Owner,
Lauren Wardley**

OUR SERVICES

NEW BUILD / NEW OWNERS / REFIT

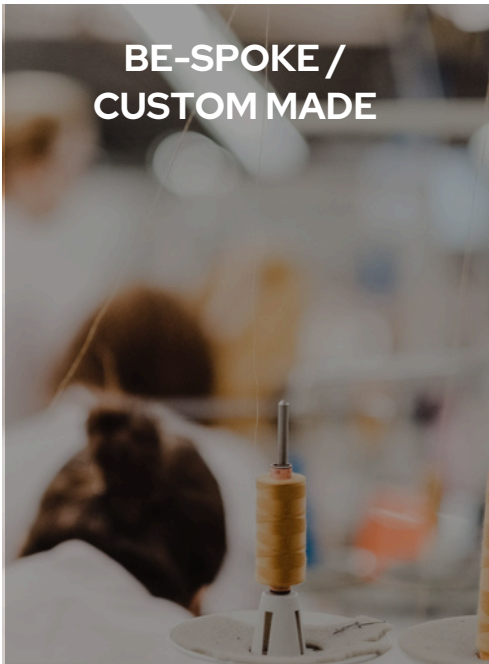

We specialize in outfitting your vessel with a complete set of sustainable uniforms from the very beginning. We can assist in designing and providing a fully sustainable uniform collection, tailored specifically to your yacht and branding needs.

READY MADE / TOP UP

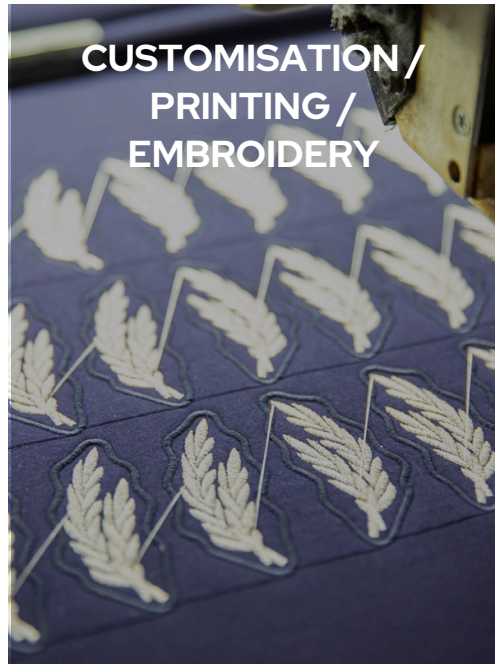

Select from our in-house styles and collections that we hold in stock. We are prepared to meet the industry's demands for quick turnarounds and a consistent uniform supply.

BE-SPOKE / CUSTOM MADE

If you require a custom design, style, or collection tailored to your branding needs, please reach out to us, and our design team will create a uniform proposal that meets your specific requirements.

CUSTOMISATION / PRINTING / EMBROIDERY

We offer a wide range of customization options, including printing, embroidery, sublimation, and engraving. We can assist in choosing the best branding methods to ensure the highest quality standard for your image needs.

Crew Day Time Collection

WOMEN'S CREW T-SHIRTS & BLOUSES

Featured: Women's Long Sleeve T-shirt - Navy Stripe, Eco Hybrid Skort - Navy

Crafted from a premium blend of soft, breathable organic cotton, our crew tees offer a lovely feel against your skin. From our organic classic crew neckline to the smooth cut of our v-neck, we have a style and shape to fit every body for an enjoyable day at work. Inquire about your desired style and color—each t-shirt is completely customizable with your preferred artwork and logo.
